Diagnostic, active and retention treatment for adults and children	Plan pays 50%	Plan pays 50%

The benefit levels shown are subject to the applicable Delta Dental Maximum Approved Fees, which are less for Delta Dental PPO dentists than Delta Dental Premier dentists. Because the cost of dental care is less when treatment is received from a Delta Dental PPO dentist, receiving services from these dentists, whenever possible, will result in lower out-of-pocket costs.

*Out-of-pocket costs may be significantly higher if services are received from a dentist who does not participate in one of Delta Dental's provider networks.* Maximum Approved Fees are greatly reduced for out-of-network services, and non-participating dentists may balance patients up to the full amount of their submitted charges.

Enrolled persons are entitled to a PRE-TREATMENT ESTIMATE OF BENEFITS anytime more costly procedures are anticipated. When requested by a dental provider, an advance estimate of benefits payable can be provided by Delta Dental before dental care services are received. Pre-treatment estimate is strongly recommended and there is no charge for this service.

1. People with specific at-risk health conditions may be eligible for additional prophylaxes (cleanings) or topical fluoride treatment. The patient should talk with his or her dentist about treatment.
